THE SOLUTIONS YOU NEED
from the partner you trust

The unity, simplicity, and insight of myCare iMedicWare will change the way you think about eye care workflow solutions.

Eye care solutions should be more than just software. Imagine your entire office workflow supported and powered by one partner that understands eye care and offers a complete suite of practice solutions, software, and support. From EHR to Portal to Revenue Cycle Management, myCare iMedicWare focuses on great office workflow, so you can focus on great patient care.

In today's complex healthcare environment, running an eye care practice can be challenging. Regulations and technology are changing at a rapid pace—you need a long-term partner that will continue to focus only on eye care and can offer you a complete set of solutions to meet these challenges now and into the future.

Unify

myCare iMedicWare unifies your workflow solutions inside one powerful platform to create better workflow and patient communication.

Simplify

myCare iMedicWare simplifies your technology interface, staff training, customer support, and number of vendor contracts. You receive dozens of deep features and workflow support from one trusted partner.

Grow

By unifying, simplifying, and automating workflow areas such as scheduling, revenue management, and patient acquisition, myCare iMedicWare helps stabilize your current patient care and offers innovative solutions to grow your practice.

We care for your practice.

You care for your patients.

With myCare iMedicWare, your practice will be powered by comprehensive technology including deep feature sets and constant innovation, along with trusted support by the Eye Care Leaders team.
