Costs and Limitations for MD office Version 11.1

Capability and Description

2015 Edition criteria applicable to MD office Version 11.1: a2, a3, a5, a9, a12, a13, a14, a15, b1, b2, d1, d2, d3, d4, d5, d6, d7, d8, g3, g4, g5, g6

MD office Version 11.1 is a cloud and server based EHR that supports healthcare professionals in ophthalmology and optometry in outpatient ambulatory environments. It allows users to perform a wide range of functions such as to document, review, and edit patient health information including but not limited to problem lists, medication lists, medication allergy lists, family health history, and all aspects of the patient's eye exam, perform CPOE (computerized provider order entry) for medications, laboratory orders and imaging procedures. MD office Version 11.1 is designed to allow direct integration with diagnostic imaging and other diagnostic testing devices, or indirect integration with such devices via a third-party PACS (picture archiving and communication system)

MD office Version 11.1 requires integration of third-party components to perform the following tasks (fees may apply)

- electronically create prescriptions and prescription-related information for electronic transmission to pharmacies,
- measure CQMs (clinical quality measures) and to export these in standard file formats,
- be alerted to possible CDS (clinical decision support) interventions,
- Report information to PHAs (public health agencies) and clinical data registries and,
- Portal related activities

Types of Costs or Fees and Additional Types of Costs or Fees

The MD office Version 11.1 license-based solution offers one-time software license fee per provider. Additionally, there is a supplemental monthly support and maintenance cost. For license-based solution, hosting can be the responsibility of the customer or MDoffice on a monthly subscription basis. Cloud-based solution includes software and hosting fees charged on a monthly subscription basis. Cloud-based RCM model includes hosting and monthly fees. This fee is a percentage of the total collected revenue and there could be an additional monthly fee depending on collected revenue volume.

Patient Portal, Patient Education services, Eprescribing and Secure Messaging have a one-time set up fee and monthly recurring fees per provider

Clinical Decision Support documentation via InfoButton technology is available upon request. Subscription Fees apply and are subject to automatic annual renewal.

The MD office Version 11.1 does not charge any additional fees for electronic integration with third-party systems such as public health registries, clinical data registries, HIEs, ACOs or CINs, assuming such electronic integration is based on an established technical capability of MD office Version 11.1 or the Regulatory Compliance Platform

This Health IT Module is 2015 Edition compliant and has been certified by an ONC-ACB in accordance with the applicable certification criteria adopted by the Secretary of the U.S. Department of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.
